WHAT IS A DESIGNATED FILER?

Designated filers are individuals authorized by attorneys and law firms to file case initiation documents on their behalf.

Attorneys registered with the Statewide Grievance Committee, and law firms which have obtained a law firm juris number, may designate filers. Designated filers may either pay for cases for which they have entered data or leave the cases in the shopping cart to be paid for by the attorney or firm.

A designated filer will have a UserID and a password for use in accessing E-Services to maintain the designated filer's account and to file case initiation documents electronically with the Superior Court on behalf of the attorney or law firm.

Any electronic transactions conducted by a designated filer will be presumed to have been authorized by the attorney and/or law firm whose juris number was used by the designated filer to conduct the electronic transaction.

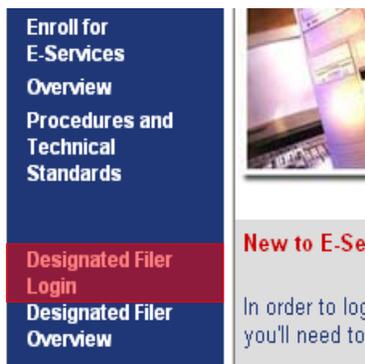

ACTIVATE A DESIGNATED FILER ACCOUNT

An Attorney/Firm will receive a system-generated password and UserID for you, the designated filer, after submitting the application. The Attorney/Firm will provide that password and UserID to you. When you first login, you will be required to change the system-generated password to a password that has 8-10 characters, including at least one number (0-9), but does not have special characters (for example, #, @ or %).

Note: If the initial system generated password is lost or misplaced before you activate the account, the Attorney/Firm will be able to replace it. Please contact the attorney/firm who originally set up your Designated Filer account.
