Dear Committee members

My name is Gary Graham and I have been a licensed Connecticut bail bond agent for twenty-seven years. I am writing to you in opposition to any changes in the bail bond industry. The purpose of bail is to ensure that a defendant appears in court and if they do not appear then we are responsible to track them down and return them to custody at NO cost to the State of Connecticut.

Today I am asking the committee members to not try to fix something that is not broken in the first place. Please vote no to any changes in our industry. Many agents as well as their coworkers and families depend on the bail bond industry for their livelihood while providing an invaluable service to the State of Connecticut.

Thank you very much for your time and consideration.

Sincerely,

Gary Graham bail bonds
