Subject: New Connecticut Rules Proposed

You don't often get email from mamie.smith@sbcglobal.net. [Learn why this is important](#)

These rules would be bad for Connecticut it has been proven in the other states that tried it

- * More criminals will be at large
- *With no co signer they are less likely to show up for court
- * No Bail enforcement agency
- * Connecticut streets will be more dangerous
- *Also bails would be unaffordable for their families cause jail population to go up (build more Jails)
- * Etc., Etc., Etc. .

Thank you
