The most advantageous responsible competitive proposal is selected and details regarding the proposal's implementation and the sequencing of deliverables are taken into account in reaching agreement on the best and final offer.

SECTION 18 - REQUIREMENTS PLANNING PROCESS AND BLANKET ORDERS

The Requirements Planning Process is used to initiate the purchasing cycle for the development of annual or multi-year contracts and blanket orders. The amount of time required for processing orders may be shortened as a result of the identification of particular needs in the Requirements Planning Process.

Annually, representatives of each Division of Judicial review procurement needs for the upcoming fiscal year with the Administrative Services Division Purchasing Services Office. During the annual review, contract services, equipment rentals, leases for personal property and planned capital expenditures can be evaluated. Within 30 days of the review session each Division should submit specifications for each of the needs identified. Where capital equipment is involved, the best available estimate of quantity should be included as part of each specification.

The goal of the Requirements Planning Process is to generate blanket purchase orders and contracts to support the annual needs of each Division. A blanket order is a purchase order to a specific company for goods or services purchased repeatedly in the fiscal year. Such orders are restricted to commodities or services for which pricing is predetermined; for example, equipment rentals, film processing, supplies, fuel oil, and janitorial services. Blanket orders may be issued for direct order is (less than \$1,000.00) or purchase orders of \$1,000.00 or more.

The total dollar value stated on the blanket order may be an estimate. The purpose of the total price estimate is to indicate the anticipated volume of goods or services needed. The estimated value is also used to establish a maximum value that cannot be exceeded by the vendor without further review by the requisitioner and the Administrative Services Division Purchasing Services office.

The requirements planning process is also an appropriate time for both parties to review vendor performance under past contracts. Prior to planning sessions, Purchasing Services will provide each Division with a list of blanket purchase orders for the most recent fiscal year. Divisions should review the list of blanket orders and provide updates (where needed) to the Administrative Services Division Purchasing Services office as quickly as possible.

**SECTION 19 - REQUEST FOR PROPOSALS (RFP) - REQUEST FOR QUOTATIONS (RFQ)
REQUEST FOR QUALIFICATIONS (RFQ) - REQUEST FOR INFORMATION (RFI)**

The determination that a new product or service is needed or that an existing service provided through an existing contract should be continued resides with the operating division. As such, the operating division will provide the Administrative Services Division Purchasing Services Office with appropriate specifications that can be incorporated into a draft specification for a Request for Proposal (RFP) or Request for Quotation (RFQ), Request for Qualifications or Request for Information.

The Administrative Services Division Purchasing Services Office will create a draft bid document. The resulting document will follow a standard format that is jointly developed and approved by the Administrative Services Division Purchasing Services Office, the operating division and the Legal Services Unit.

After the operating division and Legal Services approve the draft, the Administrative Services Division Purchasing Services Office will be responsible for advertising the RFP and or RFQ when applicable, and distributing it to prospective bidders.

When it is considered impractical to initially issue an Request for Quotation the Administrative Services Division Purchasing Services office may issue Multi-Step Competitive Sealed Bid consisting of a Request for Information or initiate (requesting technical information) a Request for Qualifications (requesting the qualifications of bidders) as the first step(s) in the process, to be followed by an Request for Quotation or Request for Proposal which may be limited to those bidders who have been pre-qualified under the criteria set forth in the first solicitation.

SECTION 20 - CONTRACT AWARDS

- A. The Administrative Services Division Purchasing Services office will award contracts to the low cost responsible bidder under a bid or RFQ or the top ranked respondent or the highest scoring bidder in a multiple criteria bid or RFP. Other factors considered in awarding contracts include, the past performance of bidders and respondents, CHRO Compliance, Supplier Diversity, MBE/SBE status and product recycling standards. In considering past performance of a bidder for the purpose of determining criteria bid, the Administrative Services Division Purchasing Services office will evaluate the skill, ability and integrity of the bidder in terms of the bidder's fulfillment of past contractual obligations and the bidder's experience or lack of experience in delivering supplies, materials, equipment or services of the size or amount for which bids or proposals have been solicited.
- B. All other factors being equal, preference shall be given to supplies, materials and equipment produced assembled or manufactured in the state and services originating and provided in the State.
- C. If all bids or proposals received on a pending contract are for the same unit price or total amount and no distinction can be made in favor of supplies, materials and equipment produced, assembled or manufactured in the state or services originating and provided in the state, Materials Management shall have authority to order the rejection of all bids or proposals and to order the purchase of the required supplies, materials, equipment or contractual services in the open market, provided the price paid in the open market shall not exceed the bid or proposal price.

- D. Subject to the limitations of this Section, any type of contract which will promote the best interests of the State may be used; provided that the use of a cost-plus-a-percentage-of-cost contract is prohibited. A cost-reimbursement contract may be used only when a determination is made in writing that such contract is likely to be less costly than any other type or that it is impracticable to obtain the supplies, services, or construction required except under such a contract.

SECTION 21 - SPECIFICATION WRITING

A. Responsibility

It is the responsibility of the requester to submit written specifications to the Administrative Services Division Purchasing Services Office. Specifications should be included with a copy of the requisition attached.

Specifications may range from a description written on a requisition to a formal document consisting of a background narrative, technical requirements, evaluative criteria, exhibits and special qualifiers. Specifications form the basis for Judicial's publication of RFQ and RFP documents.

B. Restrictive Specifications

A restrictive specification that hinders competition must be justified in writing. If equipment, commodities or services require specifications of a limited scope that will preclude competitors from bidding, a proprietary justification memo must be submitted with the requisition. Rationale based exclusively on the "only known source" is not acceptable without further proof of the accuracy of the statement; such statements often must be proven through the public bidding process. A proprietary justification may be rejected if the basis for specification cannot be validated. The requirements regarding the purposes and non-restrictiveness of specifications shall apply to all specifications prepared for the Judicial Branch by State personnel or others, including, but not limited to, those prepared by architects, engineers, and designers.

C. Proprietary Requests

Requisitions for the continuation of a proprietary service must reference the previously assigned purchase order number and, where applicable, the original contract number.

Proprietary requests for professional services costing less than \$10,000.00 (annually) for accountants, architects, and specialty consultants for the Branch may be procured without competition based on the approval of a project letter and proprietary justification memo by the Administrative Services Division Director of Materials Management. The project letter must provide a statement of the scope of work, unit costs, and the requester's best estimate of the length of time required for the provision of services.

Where professional services are projected to exceed Threshold Level 3 (\$49,999.99) in a fiscal year, the Administrative Services Division Purchasing Services office reserves the right to follow Judicial Branch standard purchasing procedures to obtain such services through the appropriate competitive process.

Proprietary requests for grant funded programs will be approved only if accompanied by a competitive procurement waiver from the funding source.

The Executive Director of the requesting Division must sign the proprietary justification acknowledging agreement with the justification provided.

D. Creating Clear Specifications

Specification clarity is critical to contract satisfaction. The following techniques should be incorporated wherever feasible.

- Use the words must or shall in grammatical construction to describe a command or mandatory requirement.
- Use the words should and may in grammatical construction to describe an advisory or optional requirement.
- Be as specific and detailed as possible in stating mandatory requirements.
- State requirements of fact only once to avoid duplication.
- Avoid making something a mandatory requirement if it is an option or enhancement.
- Avoid placing general contract terms in the technical specifications section. A section that addresses the general terms and conditions of the contract has been developed with the expertise of the Legal Services Unit.

E. Statutory Specifications

1. Equipment and Appliances for State Use and Energy Standards

The Judicial Branch shall procure equipment and appliances for state use which meet or exceed the federal energy conservation standards set forth in the Energy Policy and Conservation Act, 42 USC 6295, any federal regulations adopted there under and any applicable energy performance standards established in accordance with subsection (j) of C.G.S. section 16a-38. Purchases of equipment and appliances for which energy performance standards have been established pursuant to subsection (j) of section 16a-38 shall be (1) made from among those specific models of equipment and appliances which meet such standards, and (2) based, when possible, on competitive bids. Such bids shall be evaluated on the basis of the life-cycle cost standards, if any, established pursuant to subsection (b) of section 16a-38.

2. Standard for Purchase of Recycled Paper

All recycled xerographic or copy paper purchased by the Judicial Branch for use in courts and/or offices shall meet the applicable minimum recycled content standards established in federal Executive Order No. 13101, and any regulations or guidelines promulgated by the United States Environmental Protection Agency to carry out the purposes of said order, for purchase of paper by the federal government provided such paper shall have a composition such that at least ten per cent of the fiber material used to produce such paper is derived from post-consumer recovered paper.

3. Specifications for Printing and Writing Paper

The judicial Branch shall maintain specifications for printing and writing paper purchased by the state to (1) incorporate the standards provided for in Federal Executive Order No. 13101 and any regulations or guidelines promulgated by the United States Environmental Protection Agency to carry out the purposes of said order and (2) provide for the purchase and use of paper composed entirely of materials manufactured using processes (A) which do not involve the harvesting of trees or which are otherwise derived entirely from sources other than trees and (B) which can be categorized as having less adverse impact on the environment than conventional processes.

SECTION 22 – PUBLIC BIDS

A. Pre-bid Conferences

Pre-bid conferences may be held to provide potential participants with an opportunity to question and or provide input into the RFP or RFQ process. Such conferences may be voluntary or mandatory. Notice for a pre-bid conference will be included in the RFP or RFQ documentation. The conference will be scheduled and chaired by the Administrative Services Division Purchasing Services Office. The operating division will provide appropriate programmatic representation for the pre-bid panel. Purchasing Services may audio record pre-bid conferences. Purchasing Services will flag pre-bid conferences where Purchasing believes Legal Services should be in attendance. Legal Services when reviewing the RFP or RFQ will also flag issues for the pre-bid conference and determine whether their attendance is appropriate. If practical, Purchasing will forward to Legal Services questions received in advance of the conference.

New information and or clarifications to the RFP and RFQ document as a result of the pre-bid conference must be put in writing and sent to all parties on the bid list including Legal Services. Legal Services will also review the protocol for pre-bids. Site visits for inspections for contractual services do not require Purchasing Services' attendance.

B. Openings – RFQ and RFP

All bids and proposals received prior to the submission deadline shall be recorded and placed on file in the Purchasing Services office. Only the names of the respondents will be recorded for the Requests for Proposals (RFP).

The Judicial Branch Purchasing Services may request factual information reasonably available to the bidder or proposer to substantiate that the price or cost offered, or some portion of it, is reasonable, if:

1. The price is not
 - a. based on adequate price competition;
 - b. based on established catalogue or market prices; or
 - c. set by law or regulation; and,
2. The price or cost exceeds an amount established in planning estimations.

C. Evaluation of Proposals

Proposals will be delivered to the Administrative Services Division Purchasing Services Office, which will create a record of the proposals received and oversee the proposal evaluation process. The Judicial Branch reserves the right to award by item, or part thereof, groups of items, or parts thereof, or all items of the bid; to reject any and all bids in whole or in part; to waive minor irregularities and omissions and permit the bidder or responder to correct them if, in its judgment, the best interest of the State will be served.

Generally, panels chaired by the Administrative Services Division Purchasing Services office will review proposals received in response to an RFP. Review panels will at a minimum consist of an operating division employee, a non-voting chairperson from the Administrative Services Division Purchasing Services office and an individual from a division other than the requisitioning division. Modifications to the makeup of a panel may be made by the Purchasing Services office if deemed in the best interest of the Branch.

The evaluation panel will score proposals based upon predetermined programmatic and fiscal criteria. Evaluative criteria will be included in proposals. The Administrative Services Division Purchasing Services Office will provide evaluation scoring to the operating division. The operating division will review the evaluation panel's recommendation, allotted funding, programmatic needs and select vendors for contracting consistent with the evaluation results. If negotiations are required for financial and or programmatic reasons, the Administrative Services Division Purchasing Services Office will establish a negotiation team with operating division representation. The team will be responsible for final program and financial negotiations with prospective contractors.

D. Notice to Bidders and Appeals

The Administrative Services Division Purchasing Services office will provide notice of award to all bidders. Any bidders requesting an appeal of the decision must be directed to contact the Administrative Services Division Purchasing Services office. Notice of the appeal will be given to the Operating Division for comment. The Purchasing Services Office will review the record and respond accordingly. Further review if required shall be made by the Director of Materials Management and Legal Services. An appeal of their decision shall be referred to the Office of the Chief Court Administrator.

E. Contract Implementation

Primary interaction with a vendor shifts to the operating division once a contract is in place. The operating division will monitor contractor performance, receive performance and financial reports from vendors, and authorize the release of vendor payments in accordance with contract provisions. The operating division will notify the Administrative Services Division Materials Management Unit and the Legal Services Unit in the event that issues affecting the terms of the contract arise.

SECTION 23 - PROHIBITIONS AGAINST CONTRACT AWARDS

Contracts may not be awarded to violators of NLR, OSHA, CHRO Regulations or person or contractors debarred by the State of Connecticut.

A. Awarding of Contracts to National Labor Relations Act Violators Prohibited

No contract or subcontract shall be awarded to the persons or firms that have been found in violation of the National Labor Relations Act, 49 Stat. 449 (1935), 29 USC 151 et seq., by the National Labor Relations Board and by a final decision rendered by a federal court or that have been found in contempt of court by a final decision of a federal court for failure to correct a violation of said National Labor Relations Act, on three or more occasions involving different violations during the five preceding calendar years until three years have elapsed from the first day of July following publication of such list. This section shall not prohibit any award of contract where the Chief Court Administrator determines it to be in the best interest of the Judicial Branch or where after providing written notification to the Labor Commissioner that there is only one source for the merchandise or services for which such contract is to be awarded.

B. Awarding of Contracts to Occupational Safety and Health Act Violators Prohibited

No contract shall be awarded to any person or firm or any firm, corporation, partnership or association in which such persons or firms have an interest (1) which has been cited for three or more willful or serious violations of any occupational safety and health act or of any standard, order or regulation promulgated pursuant to such act, during the three-year period preceding the bid, provided such violations were cited in accordance with the provisions of any state occupational safety and health act or the Occupational Safety and Health Act of 1970, and not abated within the time fixed by the citation and such citation has not been set aside following appeal to the appropriate agency or court having jurisdiction or (2) , which has received one or more criminal convictions related to the injury or death of any employee in the three-year period preceding the bid.

C. Awarding of Contracts to Entities That Fail to Satisfactorily Comply with CHRO Affirmative Action Requirement Report

The Judicial Branch shall not enter into contracts with any bidder, proposer or prospective contractor unless the bidder, proposer or prospective contractor has satisfactorily complied with the provisions of sections 4a-60 and 4a-60g and 46a-56 and 46a-68c to 46a-68f and sections inclusive, of the Connecticut General Statutes, or submits a program for compliance acceptable to the CHRO.

D. Awarding Contracts to Entities debarred, suspended or otherwise disqualified by the State Contracting Standards Board

The Judicial Branch will not contract with any contractor suspended, debarred or otherwise disqualified by authority of a written decision issued in accordance with Sections 4-180 and 4-183 of the Connecticut General Statutes.

SECTION 24 - EXECUTING CONTRACTS

Legal Services will approve the legal content of standard terms and conditions used for all Judicial Branch contracts. The Chief Court Administrator shall issue policies and procedures regarding the review of Memoranda of Agreement and Memoranda of Understanding by the Administrative Services Division and Legal Service Unit.

Once Purchasing Services and the operating division agree on a final draft of the contract, the Purchasing Services office will forward the contract package to Legal Services for review and approval as to form and substantial compliance with the original Request for Proposal immediately prior to distribution for signatures by the appropriate officials. Review and approval activities will be completed within a target period of ten business days.

Upon completion of its review, Legal Services will notify the Purchasing Services office which will circulate three original copies of the final documents to the contractor and the Executive Director of the operating division for signature. An original will be given to the operating division for retention in its program records and one original will go to the contractor.

SECTION 25 - CONTRACTS - GENERAL

- A. The Purchasing Services Office will maintain the official contract file for the Branch. For purposes of this section, the official contract file is defined as consisting of the signed contractual agreement, amendments and all approved budget revisions, whether or not such budget revisions resulted in an amendment. Operating divisions are responsible for maintaining the detailed records (support for amendments, budget revisions, and other relevant program and or project information).

The Director of Materials Management will provide a list each month of awarded contracts that include cost information and other information as appropriate to the Judicial Branch Executive Director of Administrative Services.

Reporting of Anticompetitive Practices - When for any reason anticompetitive practices are suspected among any bidders or proposers a notice of the relevant facts shall be transmitted to the Attorney General with a copy to the Director of Legal Services.

B. Multi-Year Contracts – Contracts Extending Beyond a single Fiscal Year

1. Specified Period

Unless otherwise provided by law, a contract for supplies or services may be entered into for any period of time deemed to be in the best interests of the Judicial Branch provided the term of the contract and conditions of renewal or extension, if any, are included in the solicitation and funds are available for the first fiscal period at the time of contracting. Payment and performance obligations for succeeding fiscal periods shall be subject to the availability and appropriation of funds for the intended use.

2. Use of a multi-year contract is authorized where:

- a. estimated requirements cover the period of the contract and are firm and continuing; and
- b. such a contract will serve the best interests of the State by encouraging effective competition or otherwise promoting economies in [State] procurement.

SECTION 26 - MANAGING CONTRACTS AND AUDITS

A. Contract Termination

When a division and the Administrative Services Division Purchasing Services office agree to terminate any contract, they shall forward a copy of the contract documents and a draft notice of termination to the Director of Materials Management and the Legal Services Unit for review and approval.

B. Contractor Default

If the Contractor becomes financially unstable, defaults or otherwise fails to comply with any of the terms, provisions or conditions of its Agreement with the Judicial Branch including, but limited to any of the Exhibits or Amendments which are part of its Agreement, the Judicial Branch may elect to pursue any one or more of the following remedies in any combination or sequence:

- seek damages.
- withhold or reduce payment(s) until the default is resolved to the satisfaction of the Judicial Branch.
- require the Contractor to correct or cure the default to the satisfaction of the Judicial Branch.
- suspend the execution of all or part of the services.
- require that unexpended or improperly expended funds be returned to the Judicial Branch.
- recoup any money owed to the Judicial Branch from any future payments owing under any Agreement between the Judicial Branch and the Contractor.
- assign appropriate personnel to fulfill the Contractor's obligations under its Agreement until such time as the Contractor's defaults have been corrected to the satisfaction of the Judicial Branch.
- require that Agreement funding be expended by the Contractor to enter a sub contractual arrangement with a person, persons or entity designated by the Judicial Branch to fulfill the Contractor's obligations under its agreement.
- terminate this Agreement effective upon a date specified in a written notice delivered to the Contractor.
- take such other actions of any nature whatsoever as may be deemed appropriate for the best interests of the State of Connecticut Judicial Branch, or its program(s), along with any other remedies provided by law, including, but not limited to, procuring services from other sources and charging the Contractor any excess costs incurred or damages occasioned thereby.
- any combination of the above actions.

Prior to invoking any of the remedies for default specified, the Judicial Branch shall notify the Contractor in writing of the facts and circumstances constituting default or failure to comply with the conditions of contract and its proposed remedies, if any. Within ten (10) business days of receipt of notice, the contractor shall correct such default and/or noncompliance to the satisfaction of the Judicial Branch and submit written documentation of the correction to the Branch. If the Judicial Branch finds that the default has not been corrected to its satisfaction, it shall provide written notice to the Contractor of the continuing default and may immediately or at any time thereafter invoke any or all remedies set forth in the procurement code. The Judicial Branch may invoke any of the remedies for default specified without prior notice to the contractor if the Judicial Branch determines that such action is in the best interests of the Judicial Branch.

Best interests of the Judicial Branch includes, but is not limited to, the protection of the health or welfare of the clients, employees, and or the public.

All contracts issued by the Judicial Branch for services shall contain language authorizing the Branch to obtain financial statements or independently audited Fiscal reports and other contract related records from contractors. The operationally responsible division shall determine the content of contractor audits. Where applicable Connecticut and or Federal Single State Audit Act requirements shall serve to meet the audit requirements identified in contracts for services to juveniles, adults, and victims.

C. Cancellation Due to Unavailability of Funds in Succeeding Fiscal Periods

When funds are not appropriated or otherwise made available to support continuation of performance in a subsequent fiscal period, the contract shall be cancelled and the contractor shall be reimbursed for the reasonable value of any non-recurring costs incurred but not amortized in the price of the supplies or services delivered under the contract. The cost of cancellation may be paid from any appropriations available for such purposes.

SECTION 27 - REQUESTS FOR CHANGES OR CANCELLATIONS

A. Policy

All changes to bids, purchase orders and contracts must be approved by the Administrative Division Purchasing Services Office. Changes requiring amendments to purchase orders must be submitted in requisition form with the original purchase order number referenced. The reason for the requested amendment and the effective date of the change must be included with the documentation.

B. Bid Amendment

Divisions shall immediately notify the Administrative Services Division Purchasing Services office if changes or clarification to a bid are required. Changes or clarifications to RFP and RFQ documents shall be made by written amendments prepared by the Buyer and sent to identifiable bidders and or identifiable respondents. Such changes shall also be posted to the Judicial Branch website for contract opportunities.

C. Changes After Bids Open

Changes in bid specifications or scope of work that occur after a bid has been opened shall not be allowed if the change is so substantial that it would affect unit cost. Such changes may result in a re-bid.

D. Purchase Order Change or Cancellation

Any time a change or cancellation of a purchase order is required, the requester shall immediately send a requisition to the Administrative Services Division Purchasing Services Office outlining the specifics of the change and the reasons for the same. Once approved an amendment will be prepared and processed in the same manner as the purchase order.

E. Price Adjustments

1. Adjustments in price pursuant to Subsection (A) above shall be computed in one or more of the following ways:
 - i by agreement on a fixed-price adjustment before commencement of the pertinent performance or as soon thereafter as practicable;
 - ii by unit prices specified in the contract or subsequently agreed upon;
 - iii by the costs attributable to the events or situations under such clauses with adjustment of profit or fee, all as specified in the contract or subsequently agreed upon;
 - iv in such other manner as the contracting parties may mutually agree; or
 - v in the absence of agreement by the parties, by a unilateral determination by the Judicial Branch of the costs attributable to the events or situations under such clauses with adjustment of profit or fee, all as computed by the State in accordance with applicable sections of this act.
2. A contractor shall be required to submit cost or pricing data in writing if any adjustment in contract price is requested.

F. Fiscal Responsibilities

Every contract modification, change order, or contract price adjustment under a construction contract with the Judicial Branch in excess of fifty thousand dollars shall be subject to prior written certification by the fiscal and/or budget officer of the Judicial Branch or Division responsible for the project or the contract, or other official responsible for monitoring and reporting the status of the costs of the total project budget or contract budget, as to the effect of the contract modification, change order, or adjustment in contract price on the total project budget or the total contract budget. In the event that the certification of the fiscal officer or other responsible official discloses a resulting increase in the total project budget or the total contract budget, the Judicial Branch Purchasing Services Office shall not execute or make such contract modification, change order, or adjustment in contract price unless sufficient funds are made available or the scope of the project or contract is adjusted so as to permit the degree of completion that is feasible within the total project budget and/or total contract budget as it existed prior to the contract modification, change order, or adjustment in contract price under consideration; provided, however, that with respect to the validity of any executed contract modification, change order, or adjustment in contract price which the contractor has reasonably relied upon, it shall be presumed that there has been compliance with the provisions of this Section.

SECTION 28 - CONTRACT AMENDMENTS

After the execution of a contract, any change that affects the service being provided, contract term, or dollar amount must be authorized by the Administrative Services Division Purchasing Office and formalized by way of written amendment. A Contract Amendment Processing Coversheet will be completed for each amendment request.

Except for proposed amendments that meet the criteria set forth below each operating division shall forward to the Administrative Services Division Purchasing Services Office a completed Contract Amendment Processing Coversheet for amendments that contain a change to a term and or condition of contract. Purchasing Services will review the requested amendment and forward its comments for all such requests to Legal Services for review and approval as to form and substantial compliance with the original Request for Proposal and award.

Consultation with the Director of Materials Management or Legal Services' review and or approval is not required for contract amendments limited to:

- amendment amounts with budget changes consisting solely of a cost of living increase approved by the Legislature,
- services and cost under an amended agreement that are the same as those effected in the current agreement,
- increases in unit cost rates that total less than 10% in one fiscal year,
- restoration to base contract levels from modifications initiated by one-time adjustments
- adjustments to services and or costs that, on an annualized basis, result in a change in contract value that does not exceed either 10% or \$50,000 (that is, if either criterion is exceeded, review and consultation procedures will apply).
- less than a 50% increase in total contract dollars for unit cost contracts.
- changes to a contract involving only the number of units unless there is a cap in the RFP.

Contracts that have been in effect less than a complete fiscal year or 12 months and consist of like monthly amounts are annualized for the purposes of the services and cost exemption above. Line item budget changes that do not result in a requirement for preparation of an amendment will not require prior review and consultation. Review and consultation activities will be completed within a target period of ten business days. Disagreements between a Division and Legal Services and or Materials Management will be forwarded to each Division's Executive Director and if remaining unresolved, to the Chief Court Administrator for resolution.

SECTION 29 - EXCEPTIONAL AND SMALL PURCHASES

Policy - Judicial Branch Administrative Services recognizes that emergency, trade and professional services by their nature often require special handling. Therefore, exceptions to standard procedures as approved by the Chief Court Administrator are described below.

A. Emergencies

The Purchasing Services office will evaluate each emergency and, when appropriate, act upon the verbal or written instructions of an authorized individual in accordance with reasonable competitive purchasing practices applicable to the situation.

Primarily two circumstances justify the use of emergency procedures. One circumstance is the occurrence of an unforeseen event that requires a response by Judicial staff which may entail the immediate purchase of goods or services due to fire, vandalism, structural damage, or the like. A second circumstance may be caused by new externally imposed deadlines that require faster action than standard purchasing procedures permit, for example, legislation enacted at the close of a General Assembly session, or a change in venue that will become effective in a short time frame. It is Judicial's policy to adhere to reasonable competitive purchasing practices in emergency situations.

If an emergency occurs during the hours of 8 a.m. and 4:30 p.m. immediately after notifying the Administrative Services Division Purchasing Services Office of the need for implementing emergency procedures, a requisition must be submitted to Purchasing accompanied by a completed Emergency Authorization form. During non-business hours a requisition must be sent to Purchasing on the following business day with a properly signed Emergency Authorization form included. Purchasing will not process a confirming requisition unless a properly executed and approved Emergency Authorization form accompanies it.

B. Training Services

Training services for educational programs, valued beyond Threshold Level I, must be obtained through a competitive quotation process. The requestor must prepare a syllabus and list of desired qualifications in order to permit Purchasing Services to determine the availability of competitive services.

C. Trade Services - Facilities

Blanket orders for trade services (for example, electricians and plumbers) may be obtained by the Administrative Services Division Facilities Unit from contractors qualified by the Administrative Services Division Purchasing Services Office through the bid process.

D. Small Purchases

Any procurement not exceeding \$3,000.00 may be made in accordance with small purchase procedures Threshold Level 1 as defined in section 17A.1 of this code.

1. The Judicial Branch Materials Management Unit Purchasing Services office shall award small purchase contracts or award purchase orders for small purchases as qualification based selections.
2. Artificial division of procurements are prohibited. Purchase requirements shall not be artificially divided so as to constitute a small purchase under this Section in order to utilize the small purchase procedures.

E. Selection of Outside Legal Counsel

The Chief Court Administrator or the Executive Secretary may authorize the use of outside legal counsel to represent the interests of the Judicial Branch. Pursuant to section 16B.14 of this code, the selection of outside legal counsel is excluded from competitive procurement. Outside legal counsel shall be selected pursuant to Judicial Branch Administrative Policy 1209 which establishes criteria to be considered when selecting outside legal counsel.

F. Record of Sole Source, Emergency and Special Procurements

The Judicial Branch Purchasing Services office shall maintain a record listing all proprietary and emergency contracts and purchases in accordance with the Branch's policies for record retention from the date that the contracted goods and or services are accepted. The record shall contain:

1. Each contractor's name.
2. The amount and type of each contract.
3. A listing of the supplies, services, or construction procured under each contract.

SECTION 30 - C.H.R.O. AND SUPPLIER DIVERSITY COMPLIANCE PROCEDURES

Policy - The Administrative Services Division Materials Management Unit through its Purchasing Services Office shall:

- Supervise the process for acquiring Commission on Human Rights and Opportunities (C.H.R.O.) compliance certification for contractors, service providers and suppliers doing business with the Judicial Branch.
- Incorporate the Equal Opportunity Clause in all Branch contracts.
- Strive to comply with the State Supplier Diversity policies and regulations.

A. Compliance Questionnaires

All contracts are subject to compliance procedures. In order to minimize delays in the vendor selection process, all RFP and RFQ packages shall include the JD-ES-113 and JD-ES-113F forms for signature and acknowledgement by the bidder. In signing the forms, the contractor makes a commitment to affirmative employment practices and to the submission of EEO-1 statistics to the Administrative Services Division Purchasing Services. Completion of the JD-ES-113 form may be included as a selection criterion in the RFP and RFQ process. Upon receipt of the signed forms, Materials Management will determine if a potential contractor is non-compliant.

B. Supplier Diversity

Consistent with the Connecticut General Statutes, Section 4a-60g(b), the State's Program for Small Contractors, Minority Business Enterprises and Individuals with Disabilities, require that 25% of all contracts are placed with State certified Small Business Enterprises (SBE). Additionally, 25% of all SBE Purchases must be made with Minority-Owned Business enterprises (MBE). A RFP or RFQ for goods and or services may be published exclusively for SBE contractors in an effort to meet goals established by the Judicial Branch under the State's Supplier Diversity program. Judicial's commitment of contracts to the State Supplier Diversity program shall be established each fiscal year.

C. Adoption of Other State Contracting Goals

In accordance with C.G.S. the Judicial Branch will support programs initiated by the Commissioner of Administrative Services, in conjunction with, the Commissioner of Economic and Community Development including programs that give preference to:

1. Products and services under the direction or supervision of the Board of Education and Services for the Blind under C.G.S. section 10-298b
2. Articles produced or manufactured by Department of Correction industries as provided in section C.G.S. section 18-88(g).
3. Where feasible and practical, the Judicial Branch will support programs for persons with disabilities in accordance with C.G.S. section 17b-656.
4. State Set-Aside contractors shall receive payment on a contract awarded under the provisions of sections 4a-60g to 4a-60i, no later than thirty days from the due date of any such payment on such contract.

SECTION 31 - CONTRACT COMPLIANCE (JD-ES-113 and JD-ES-113F)

A. Each bidder shall provide the Judicial Branch with a completed Contract Compliance Monitoring Report (JD-ES-113) and the Federal Certification of Compliance (JD-ES-113F) when goods or services are procured for federally funded programs. The information contained will determine the bidders good faith efforts to comply with the provisions of C.G.S. section 4a-60g and the federal Equal Employment Opportunity Requirements.

B. Non-Discrimination and Affirmative Action Provisions in Contracts

Every contract to which the Judicial Branch is a party shall contain the following provisions:

(a) (1) The Contractor agrees and warrants that in the performance of the contract such Contractor will not discriminate or permit discrimination against any person or group of persons on the grounds of race, color, religious creed, age, marital status, national origin, ancestry, sex, mental retardation, mental disability or physical disability, including, but not limited to, blindness, unless it is shown by such Contractor that such disability prevents performance of the work involved, in any manner prohibited by the laws of the United States or of the state of Connecticut; and the Contractor further agrees to take affirmative action to ensure that applicants with job-related qualifications are employed and that employees are treated when employed without regard to their race, color, religious creed, age, marital status, national origin, ancestry, sex, mental retardation, mental disability or physical disability, including, but not limited to, blindness, unless it is shown by such Contractor that such disability prevents performance of the work involved; (2) The Contractor agrees, in all solicitations or advertisements for employees placed by or on behalf of the Contractor, to state that it is an "affirmative action-equal opportunity employer" in accordance with regulations adopted by the Commission on Human Rights and Opportunities (hereinafter, Commission); (3) The Contractor agrees to provide each labor union or representative of workers with which such Contractor has a collective bargaining agreement or other contract or understanding and each vendor with which such Contractor has a contract or understanding, a notice to be provided by the Commission, advising the labor union or workers' representative of the Contractor's commitments under General Statutes section 4a-60, and to post copies of the notice in conspicuous places available to employees and applicants for employment; (4) The Contractor agrees to comply with each provision of General Statutes sections 4a-60, 46a-68e and

46a-68f and with each regulation or relevant order issued by said commission pursuant to General Statutes sections 46a-56, 46a-68e and 46a-68f; and (5) The Contractor agrees to provide the Commission on Human Rights and Opportunities and the Judicial Branch with such information requested by them, and permit access to pertinent books, records and accounts, concerning the employment practices and procedures of the Contractor as relate to the provisions of General Statutes section 46a-56 and 4a-60.

(b) If the contract is a public works contract, the Contractor agrees and warrants that he will make good faith efforts to employ minority business enterprises as subcontractors and suppliers of materials on such public works project.

(c) (1) Prior to entering into a contract valued at less than fifty thousand dollars for each year of the contract, the Contractor shall provide the Judicial Branch with a written representation that complies with the nondiscrimination agreement and warranty under Paragraph N(a)(1) above.

(2) Prior to entering into a contract valued at fifty thousand dollars or more for any year of the contract, such Contractor shall provide the Judicial Branch with any one of the following:

Such specifications shall have a separate section for each of the following classes of work if, in the estimate of the awarding authority, the class of work will exceed twenty-five thousand dollars: (1) Masonry work; (2) electrical work; (3) mechanical work other than heating, ventilating and air conditioning work; and (4) heating, ventilating and air conditioning work. Such specifications shall also have a separate section for each other class of work for which the Judicial Branch deems it necessary or convenient.
- B. Whenever the Judicial Branch has designated a separate section for a class of work, under subsection (a) of this section, the general contractor shall, when applicable, state as part of its application for partial payment that it considers the work required to be done under any such separate section to be fully completed in accordance with the terms of the contract. The Judicial Branch shall thereupon conduct an inspection of the work in such class, and if it finds that such work has been fully completed in accordance with the terms of the contract, it shall issue a statement certifying that such work is accepted as fully completed, and shall pay the general contractor in full for such work.
- C. For contracts estimated to cost more than five hundred thousand dollars (\$500,000), the Judicial Branch shall follow the requirements set forth in C.G.S. section 4b-91(C).

- D. In accordance with section 4b-94 of the C.G.S., the Judicial Branch reserves the right to reject any or all such general bids, if (1) it determines that the general bidder or bidders involved are not competent to perform the work as specified, based on objective criteria established for making such determinations, including past performance and financial responsibility, (2) the low bid price exceeds the amount of money available for the project, (3) it determines that the project shall not go forward or (4) it finds cause to reject such bids. If the awarding authority rejects any or all bids pursuant to this section, it shall notify each affected bidder, in writing, of the reasons for such rejection.

SECTION 34 - GENERAL BID FORM REQUIREMENTS PUBLIC WORKS CONTRACTOR SELECTION

- A. In accordance with section 4b-96 of C.G.S., the Judicial Branch will furnish to every person applying to bid a form for the submittal of a general bid.
- B. Every general bid submitted for a contract shall be submitted on the form provided. The furnished form shall provide a place for listing the names and prices of subcontractors for the four classes of work specified above in Section 33A of this code for each other class of work included by Judicial pursuant to said subsection and state that:
1. The undersigned agrees that if selected as general contractor, he shall, within five days, Saturdays, Sundays and legal holidays excluded, after presentation thereof by the awarding authority, execute a contract in accordance with the terms of the general bid.
 2. The undersigned agrees and warrants that he has made good faith efforts to employ minority business enterprises as subcontractors and suppliers of materials under such contract and shall provide the Commission on Human Rights and Opportunities with such information as is requested by the commission concerning his employment practices and procedures as they relate to the provisions of the general statutes governing contract requirements.
 3. The undersigned agrees that each of the subcontractors listed on the bid form will be used for the work indicated at the amount stated, unless a substitution is permitted by the awarding authority. The Judicial Branch may require in the bid form that the general contractor agree to perform a stated, minimum percentage of work with his own forces.
- C. General bids shall be for the complete work as specified and shall include the names of any subcontractors for the four classes of work specified in subsection A. of section 33 of this Code and for each other class of work for which the Judicial has required a separate section pursuant to said subsection and the dollar amounts of their subcontracts. The general contractor shall be selected on the basis of such general bids. It shall be presumed that the general bidder intends to perform with its own employees all work in such four classes and such other classes, for which no subcontractor is named. The general bidder's qualifications for performing such work are subject to review. The Judicial Branch may waive minor irregularities which doing so is considered in the best interest of the state, provided the reasons for any such waiver are stated in writing by and made a part of the contract file.

No such general bid shall be rejected because of the failure to submit prices for, or information relating to, any item or items for which no specific space is provided in the general bid form furnished by Judicial, but this sentence shall not be applicable to any failure to furnish prices or information required by this section to be furnished in the form provided. General bids shall be publicly opened and read by the awarding authority forthwith. Judicial will not permit substitution of a subcontractor for one named in accordance with the provisions of this section or substitution of a subcontractor for any designated sub trade work bid to be performed by the general contractor's own forces, except for good cause. The term "good cause" includes, but is not limited to, a subcontractor's or, where appropriate, a general contractor's:

7. Failure to perform his agreement to execute a subcontract.

D. The general bid price shall be the price set forth in the space provided on the general bid form. No general bid shall be rejected (1) because of error in setting forth the name of a subcontractor as long as the subcontractor or subcontractors designated are clearly identifiable, or (2) because the plans and specifications do not accompany the bid or are not submitted with the bid. Failure to correctly state a subcontractor's price shall be cause for rejection of the general bidder's bid.

SECTION 35 - PUBLIC WORKS - GENERAL BIDDER AS SUBCONTRACTOR

In accordance with section 4b-95a of the C.G.S., if a general bidder customarily performs any of the four classes of work specified in the bid form the general bidder may list itself as a subcontractor together with its price in the space provided in the bid form. A listed sub-bid so submitted by the general bidder shall be considered on a par with other listed sub-bids, and no such sub-bid by a general bidder shall be considered unless the general bidder can show based on objective criteria established for such purpose, that he customarily performs such sub trade work and is qualified to do the character of work required by the applicable section of the specification.

SECTION 36 - PUBLIC WORKS - SUBCONTRACT FORM- PROCEDURE FOR FAILURE OF SUBCONTRACTOR TO EXECUTE

In accordance with section 4b-96 of the C.G.S., general bidder's responsibilities require that within five days after being notified of the award of a general contract by the Judicial Branch, or, in the case of an approval of a substitute subcontractor, within five days after being notified of such approval, the general bidder shall present to each listed or substitute subcontractor (1) a subcontract in the form set forth in this section and (2) a notice of the time limit under this section for executing a subcontract. If a listed subcontractor fails within five days, Saturdays, Sundays and legal holidays excluded, after presentation

of a subcontract by the general bidder selected as a general contractor, to perform his agreement to execute a subcontract in the form hereinafter set forth with such general bidder, contingent upon the execution of the general contract, the general contractor shall select another subcontractor, with the approval of Judicial. When seeking approval for a substitute subcontractor, the general bidder shall provide the documents showing (A) the general bidder's proper presentation of a subcontract to the listed subcontractor and (B) communications to or from such subcontractor after such presentation. Judicial shall adjust the contract price to reflect the difference between the amount of the price of the new subcontractor and the amount of the price of the listed subcontractor if the new subcontractor's price is lower and may adjust such contract price if the new subcontractor's price is higher. The general bidder shall, with respect to each listed subcontractor or approved substitute subcontractor, file with the awarding authority a copy of each executed subcontract within ten days, Saturdays, Sundays and legal holidays excluded, of presentation of a subcontract to such subcontractor. SECTION 37 - BID SECURITY BONDS AND INSURANCE

In accordance with Connecticut General Statutes Section 46-92, bid security shall be required for all competitive sealed bids for contracts when the price is estimated to exceed \$49,999.99. Bid security shall be a bond provided by a surety company authorized to do business in this State, or the equivalent in cash, or otherwise supplied in a form satisfactory to the State. However nothing herein prevents the requirement of such bonds on such contracts under the amount set by regulation when the circumstances warrant.

- A. Amount of Security - Bid security shall be in an amount equal to at least ten percent (10%) of the amount of the bid.

- B. Rejection of Bids for Noncompliance with Bid Security Requirement - When the invitation for bids requires security, noncompliance requires that the bid be rejected unless it is determined that the bid fails to comply in a non-substantial manner with the security requirements.

- D. Withdrawal of Bids - After bids are opened, they shall be irrevocable for the period specified in the invitation for bids. Unless a bidder is permitted to withdraw its bid (or proposal) after award, or if it is excluded from the competition before award, no action shall be had against the bidder or the bid security bond. However, the Judicial Branch may proceed pursuant to Section 26-B of this code.

SECTION 38 - CONTRACT PERFORMANCE AND PAYMENT BONDS - GENERAL BIDS

- A. Required Amounts - When a construction, design-build or related methods contract is awarded in excess of \$100,000.00 - Pursuant to C.G.S. section 49-41(a), the following bonds or security shall be delivered to the Judicial Branch and shall become binding on the parties upon the execution of the contract:

A payment bond satisfactory to the Judicial Branch, executed by a surety company authorized to do business in this State or otherwise secured in a manner satisfactory to the Judicial Branch, for the protection of all persons supplying labor and material to the contractor or its subcontractors for the performance of the construction work provided for in the contract. The bond shall be in an amount equal to one hundred percent of the portion of the contract price that does not include the cost of operation, maintenance, and finance.

B. Performance Bond Requirement - SSA Bond Exception

For any contract that exceeds \$49,999.99 a performance bond is required. In accordance with Connecticut General Statutes section 4a- 60g(i), in lieu of a performance bond, a contractor awarded a contract may provide the awarding authority a Letter of Credit. Any such Letter of Credit or Performance Bond shall be in an amount equal to ten percent (10%) of the contract amount for any contract valued at less than \$100,000 and in an amount equal to twenty-five percent (25%) of the contract amount for any contract that is valued at or in excess of \$100,000.
