CONNECTICUT GREEN BANK

Notice of Intent to Amend Operating Procedures

In accordance with Section 1-121 of the Connecticut General Statutes, notice is hereby given that the Connecticut Green Bank (the “Green Bank”) proposes to amend its Operating Procedures.

Summary of Written Procedures: The Green Bank is proposing the following revisions to its Operating Procedures.¹ These changes are as follows:

- Revisions in Section XII, the Strategic Selection and Award, the Other Requirements language to address when the Board of Directors approves of an open competitive request for proposals process of selection and award with established criteria to encourage the investment and deployment of clean energy sources in Connecticut.
- In such circumstances only, such award will not be considered a strategic selection and the additional requirements for a strategic selection will not be required.

Statement of Purpose: The Green Bank supports alternatives for developers and capital providers to gain access to Green Bank resources while affording staff the ability to consider additional investment opportunities. This change enables an open request for proposal process where down selected projects may be approved by either the Board of Directors or the Deployment Committee and the additional requirements for a strategic selection will not be required.

Copies of the proposed revised procedures are available at the Green Bank between the hours of 8:00 a.m. and 4:30 p.m., Monday through Friday, by contacting Loyola French, Senior Contract Administrator at 860-257-2883 or by email at Loyola.French@ctgreenbank.com. All interested parties may submit comments in connection with the proposed revisions to the Operating Procedures, within thirty days following publication of this notice at Loyola.French@ctgreenbank.com.
